

Printout Flash Cards Day 2

鳥 類

Birds

We hope you enjoy these free flash card printouts! To learn and experience more about early childhood education, how to maximize your baby's intelligence, and to download more useful tools, please visit us at <http://www.brainbees.com.my/>.

Instructions

1. For the best results, use **A4-sized paper** for your print outs. (8.27" x 11.69")
2. Using a **color printer** will also be best for showing flash cards with printed pictures.
3. After printing, cut the paper into half according to the dashed line so that each flash card shows only the written word or the picture.

How to Use your Flash Cards

- Separate the word flash cards from the picture flash cards.
- Arrange and shuffle the word and picture flash cards separately into stacks in the order with which you want to show the cards to your child.
- The stack of word flash cards must be placed after the picture flash cards.
- Place your child a few feet away, facing you. You may get someone to help you by sitting with your child.
- Show the words to your baby first by moving the flash cards from behind to front.
- Read out the word when the card reaches the front, when it has fully covered the previous flash cards.
- Show the pictures to your baby next by continue moving the flash cards from behind to front and pronounce the name of the picture again.
- Go as fast as you can, but make sure that you pronounce each word clearly, with only a very short break between words.

鸟

鸡

鴨

鵝

鸚鵡

Y

ou will LOOOOOVE brainbees™ i-Flash !

What brainbees™ i-Flash can do that Flash Cards CANNOT:

- Have a well planned lesson library. You do not have to think of what to do each new day
- Consistent and accurate pronunciation with pre-recorded pronunciation
- Consistent flashing timing for each word/picture to enhance the children memory
- Easily repeat with just few mouse clicks
- Auto updates of new words and pictures everyday
- Randomise the sequence of words/pictures for each flash session to sustain your children's attention
- Auto records the progress of the children, therefore children will not miss out any lesson
- Interactive readings to cultivate the reading habit of your children
- Fun interactive games for reinforcement
